

# 2021 YOUTH SUMMER OLYMPICS

LET THE GAMES BEGIN

## OLYMPIC TORCH RACES

Teams compete in a race to get their torch to the finish line. If you have larger teams of 3 or more, you can make this a relay race, passing the torch from player to player.

## CYCLING

Bust out the bikes because it's time for a cycling race! Set up a course around a park, neighborhood, or any other space that is not near main roads.

## SWIMMING

Are any of your youth secretly the next Michael Phelps? Head out to the pool and race some laps.

## FOOTBALL

No, not American football, we're talking about soccer. Get out to the park and kick around the soccer ball. First team to 5 goals wins!

## BASKETBALL

Can any of your youth dunk like LeBron James? Let's find out! Pick up a basketball and head to the court.

## VOLLEYBALL

Teams can compete with a couple rounds of volleyball. Younger youth can play "balloon volleyball" too. (Know of a sand court nearby? Head out and play some sand volleyball.)
